

PCI ACQUIRER TRAINING

IS THIS COURSE RIGHT FOR YOU?

Let us help you decide - simply answer these few questions...

Do you want to:

- Assist your merchant clients with their PCI compliance journey
- Understand and apply the PCI DSS in your daily job
- Use Acquirer specific tools for better quality control

If you answered **YES** to any of the above, then the [PCI Acquirer Training](#) course is for you! Read on!

WHO SHOULD ATTEND?

Acquirers and processors who wish to have a deeper understanding of the Payment Card Industry Data Security Standard (PCI DSS) in order to better assist their merchant clients in their security and compliance efforts.

WHAT TO KNOW BEFORE YOU BEGIN

It is strongly recommended that you thoroughly review the PCI Glossary and the current PCI DSS prior to taking the course.

PCI Acquirer Training course focuses on every-day scenarios common to acquirer personnel and includes merchant case studies to provide the essential information needed to understand the PCI Data Security Standard (PCI DSS) requirements around the protection of payment card data.

WHAT'S IN IT FOR YOU?

Gain confidence and understanding on completing merchant assessment reports

Apply PCI DSS security principles to your clients' specific situations

Learn where acquirers fit into compliance in the payment process

Understand assessment process including Self-Assessment Questionnaire (SAQ), Report on Compliance (ROC) and Attestation of Compliance (AOC)

WHAT'S COVERED IN THE COURSE?

- Introduction to PCI DSS
- Working with payment card data
- Compliance roles and responsibilities
- Payment brand compliance programs
- PCI DSS requirements
- Assessment process (ROCs, SAQs and AOCs)
- Quality control, using the acquirer checklist
- Business-as-usual and supporting documents
- Acquirer case studies

Upon completion of the course, you'll be able to:

- Fully understand how and why PCI DSS requirements apply to all merchants that accept card payments
- Know the relationship and responsibilities of each entity involved in meeting the PCI DSS requirements
- Understand the assessment process for large and small merchants
- Apply knowledge of SAQs to different merchant types

COURSE DELIVERY

Authoritative course content is delivered as:

- Self-paced six-hour eLearning course
- Hosted one-day, on-site instructor-led training for an organization's employees or clients

* You will earn six (6) Continuing Professional Education (CPE) hours for this course.

There is no exam or qualification associated with this course.

Please see PCI SSC website for special pricing for Participating Organizations.
