

## QUALIFIED INTEGRATORS AND RESELLERS (QIR)<sup>™</sup> TRAINING

### IS THIS COURSE RIGHT FOR YOUR TEAM?

Let us help you decide - simply answer these few questions...

#### Do you want to:

- Access, install, maintain and support payment applications (and any dependent software) in accordance with the information provided by the application vendor in the *PA-DSS Implementation Guide*?
- Remediate payment security issues associated with the payment application?

If you answered **YES** to any of the above, then the [Qualified Integrators and Resellers \(QIR\)](#) course is right for your team! Read on!

### PEOPLE ARE TALKING

Here's what other QIRs have to say about their experience:

“The training is great and will enable me to apply best practices learned in the course to deliver a better customer experience.”

“The training is quite affordable and the content will definitely benefit our team in doing PA-DSS installations.”

A history of incidents, where improper payment application installation resulted in a breach, indicated a market need for guidelines, training and qualification. This course provides tools that facilitate PCI DSS compliance when installing and/or configuring a validated Payment Application Data Security Standard (PA-DSS) payment application.

### WHAT'S IN IT FOR YOUR STAFF?

Receive specialized training on guidelines for implementing and maintaining PA-DSS validated payment applications

Achieve three-year renewable industry-recognized qualification

Searchable listing in merchants' go-to global directory of qualified providers on the PCI SSC website

Stand apart from other service providers - being a QIR provides a competitive advantage (Payment brands may require merchants to use a trained QIR)

#### PLUS

- Your team will be recognized for your professional achievement - with listing on PCI website
- Use exclusive QIR logo on marketing materials and correspondence
- As a QIR Company, your organization gets a FREE pass to annual PCI Community Meetings

### WHO SHOULD ATTEND?

QIR training is ideal for software development vendors, integrators and resellers of payment applications and technicians - particularly those involved with hands-on installations.

Typical job titles include but are not limited to: Software Integrator, Reseller, Implementer, Installer, Technician, Developer, Engineer.

### WHAT'S COVERED IN THE COURSE?

- Understanding the PCI Landscape
- Payment Technologies and Skimming Prevention
- Overview of PCI DSS, PA-DSS applications and requirements, and the PA-DSS Implementation Guide
- Understanding payment industry transactional processes, terminology, players, and provider relationships
- Understanding payment card brand compliance programs
- Preparing for and performing a Qualified Installation
- QIR quality assurance expectations

Upon successful completion of the course, QIR employees will be able to:

- Perform qualified installations and ensure the PA-DSS validated application is installed in a manner that facilitates the QIR customer's PCI DSS compliance
- Produce the QIR Implementation Statement

## WHAT TO KNOW BEFORE BEGINNING

Read [QIR Program Guide](#), [QIR Qualification Requirements](#), [QIR Implementation Statement](#), [QIR Implementation Instructions](#)

Skills you'll need include:

The successful candidate should have experience installing and configuring applications, preferably payment applications, equal to at least one year or three separate engagements.

Your team is strongly encouraged to familiarize themselves with the following publications: *PCI Glossary*, *PCI DSS* and *PA-DSS*.

## BECOME A QIR COMPANY IN FOUR EASY STEPS

- 1 Apply as a company for qualification in the program
- 2 Provide documentation outlined in the [Qualification Requirements for QIRs](#)
- 3 Qualify individual employees, through training and testing, to perform secure installations
- 4 Once designated QIR employees have taken and passed the QIR training, the Company will be listed on the PCI SSC website.

### COURSE DELIVERY

Learn from the comfort of home or office 24/7/365 with convenient, self-paced eLearning course.

The two-part QIR training is comprised of an online pre-requisite course (QIR Fundamentals) and exam.

Then you'll move on to take the eLearning course followed by a qualification exam.

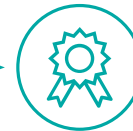

Typical time required for both parts is eight-nine hours.

Please see PCI SSC website for special pricing for Participating Organizations.

### EXAM

Following the eLearning course, trainees are required to complete and pass a final exam administered through a local Pearson VUE Testing Center.

### QUALIFICATION

Earns nine (9) Continuing Professional Education (CPE) hours.

Re-qualification is required every three years via eLearning training and exam.

**APPLY NOW**

**Maximize Knowledge.  
Minimize Risk.**
